PROFESSIONAL SUMMARY

Pre-final year CSE student specializing in full stack development using Java, Spring Boot, and SQL. Built project-driven solutions and participated in hackathons, focusing on clean, scalable, and maintainable systems. Experienced in public speaking, event coordination, and leadership roles.

SKILLS

Languages: Java, Python, C

Frameworks: Spring Boot (Basic)

Tools: Git, GitHub, VS Code

Web Technologies: HTML, CSS, JavaScript

Database: MySQL, Firebase

Concepts: Data Structures, OOP, DBMS, REST APIs

PROJECTS

1. Smart Canteen Management System

Tech Stack: HTML, CSS, JavaScript, Firebase

- pre-order system with real-time tracking and digital tokens
- GitHub: github.com/aasif-developer/canteen-website

2. Food Products Search Platform

Tech Stack: Java, Spring Boot, MySQL

- REST APIs for product search with MySQL-based data handling
- GitHub: github.com/aasif-developer/springboot-product-search

3. Iron Man Cinematic Website

Tech Stack: HTML, CSS, JavaScript

- Responsive UI with interactive frontend design
 - GitHub: github.com/aasif-developer/cr7-website
-

ACHIEVEMENTS

- Finalist – DEVHOUSE 25 Hackathon, GDG VIT Chennai
 - Finalist – NEXUS 2026 Hackathon, Annai Mira College of Engineering & Technology
 - Department Topper (5 semesters) – CSE
 - Active member, Students Guidance Cell (SGC); Volunteer – C3 (Campus to Corporate); Core Operations Member – CIEH (CHACET Innovation & Entrepreneurship Hub)
-

EDUCATION

B.E Computer Science Engineering, C. Abdul Hakeem College of Engineering & Technology (Anna University), 2023 – 2027 — CGPA: 8.8 (up to Semester 5)

HSC (12th) – Computer Science, K.H. Matriculation Boys Higher Secondary School — 91.2% (547/600)
